Dear Patient/ Parent,

Thank you for choosing Advanced Neighborhood Pediatrics as your health care provider. You are scheduled for a "Preventive Health Assessment" today. Please take a few minutes to review this letter and let us know if you have any questions or need to be because of health problems today.

"Preventive Health Assessment" (also called a "PHYSICAL EXAM ")

For these visits, the goal is to do an age appropriate history and physical examination, review general health goals and habits, and order age appropriate health screening tests.

These cannot include reviews of new or chronic health problems such as asthma, behavioral problems, and injuries.

If you or your child have any acute or chronic health problems that need to be addressed by the doctor during today's visit, please be advised that your insurer's payment policy may require you to be responsible for additional costs (such as an additional copay) associated with the visit.

If you prefer, the clinician address you or your child's physical exam (preventive health assessment).

We realize the inconvenience this may cause, and regret that your insurance's payment policies restrict our clinicians from combing these visits without a possible additional cost to you.

Thank you.

Health Insurance Portability & Accountability Act

NOTICE OF PRIVACY PRACTICES

The Health Insurance Portability & Accountability Act of 1996 ("HIPAA") is a federal program that requires that all medical records and other individually identifiable health information used or disclosed by us in any form, whether electronically, on paper, or orally, are kept properly confidential. This Act gives you or your child significant new rights to understand and control how you or your child's health information is used. "HIPAA" provides penalties for covered entities that misuse personal health information.

As required by "HIPAA", we have prepared this explanation of how we are required to maintain the privacy of your or your child's health information and how we may use and disclose your health information.

We may use and disclose you or your child's medical records only for each of the following purposes: treatment, payment and health care operations.

- **Treatment** means providing, coordinating, or managing health care and related services by one or more health care providers. An example of this would include a physical examination.
- **Payment** means such activities as obtaining reimbursement for services, confirming coverage, billing or collection activities, and utilization review. An example of this would be sending a claim for you or your child's visit to your insurance company for payment.
- **Health care operations** include the business aspects of running our practice, such as conducting quality assessment and improvement activities, auditing functions, cost-management analysis, and customer service. An example would be an internal quality assessment review.

We may also create and distribute de-identified health information by removing all references to individually identifiable information.

We may contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you.

We have chosen to participate in the Chesapeake Regional Information System for our Patients (CRISP), a regional health information exchange serving Maryland and D.C. As permitted by law, your health information will be shared with this exchange in order to provide faster access, better coordination of care and assist providers and public health officials in making more informed decisions. You may "opt-out" and disable access to your health information available through CRISP by calling [1-877-952-7477](tel:1-877-952-7477) or completing and submitting an Opt-Out form to CRISP by mail, fax or through their website at www.crisphealth.org. Public health reporting and Controlled Dangerous Substances information, as part of the Maryland Prescription Drug Monitoring Program (PDMP), will still be available to providers.

Any other uses and disclosures will be made only with your written authorization. You may revoke such authorization in writing and we are required to honor and abide by that written request, except to the extent that we have already taken actions relying on your authorization.

You have the following rights with respect to you or your child's protected health information, which you can exercise by presenting a written request to the Privacy Officer in my practice.

- The right to request restrictions on certain uses and disclosures of protected health information including those related to disclosures to family members, other relatives, close personal friends, or any other person identified by you. We are, however, not required to agree to a requested restriction. If we do agree to a restriction, we must abide by it unless you agree in writing to remove it.
- The right to reasonable requests to receive confidential communications of protected health information from us by alternative means or at alternative locations.
- The right to inspect and copy you or your child's protected health information.
- The right to amend you or your child's protected health information.
- The right to receive an accounting of disclosures of protected health information.
- The right to obtain a paper copy of this notice from us upon request.

We are required by law to maintain the privacy of your or your child's protected health information and to provide you with notice of our legal duties and privacy practices with respect to protected health information. This notice is effective as of January 1, 2007 and we are required to abide by the terms of the Notice of Privacy Practices currently in effect. We reserve the right to change the terms of our Notice of Privacy Practices and make the new notice provisions effective for all protected health information that we maintain. We will post and you may request a written copy of a revised Notice of Privacy Practices from this office.

You have recourse if you feel that you or your child's privacy protections have been violated. You have the right to file written complaint with our office, or with the Department of Health & Human Services, about violations of the provisions of this notice. We will not retaliate against you for filing a complaint.
